Safety Report

- An officer from the Southern District came to the meeting. He said crime has been down in our neighborhood in the past month with only one theft from an auto of sunglasses on Emory and one bicycle reported stolen from a back yard.
- The police are working to relocate the homeless person who has been living on Washington Blvd. They will try to take care of getting his belongings to him that are currently in the crosswalk.
- For latest crime stats you can go to Baltimore Police.org
- If you see something (or hear something), say something. Call 911. If the matter deserves police attention you should always call 911 instead of 311 because 311 takes too long and is not intended for police matters.
